Dear Lighthouse Foundation Community,

With the announcement of coronavirus (COVID-19) being declared a pandemic by the World Health Organization (WHO), the Lighthouse Team would like to assure you that we have robust response plans and procedures in place to ensure the health and safety of our clients, volunteers and staff. It is our top priority to continue to monitor the developments of this pandemic and integrate a social distance model to prevent the spreading of COVID-19.

Our food pantry will continue to operate its scheduled hours, serving by last name, and we will be serving food orders as a drive-through pantry. We understand the challenges families are being presented with by having their children home from school and we will continue to serve our community while welcoming any family in need of extra food during this time.

If this is your first time utilizing the food pantry, please bring your ID and proof of your address in the county where you live. (Example: utility bill, vehicle registration, phone bill etc.) We will be asking for everyone's phone numbers to reach by phone if changes or updates are needed.

Check out the link below and become more informed about prevention of this virus and what you can do to help protect yourself and your loved ones.

As we are reminded in Joshua 1:9*, God is with us wherever we go. You are in our thoughts and prayers and we will continue to take every precaution necessary to protect everyone around us. If you have any questions, comments, or concerns, please do not hesitate to call into our offices at 724.586.5554.

May God bless you all and keep you safe.

Warmly,

Victoria Spreng- Executive Director
